Analysis Methods for Complex Sample Survey Data. SurvMeth 614 (3 credit hours) Instructor: Yajuan Si, University of Michigan and Brady West, University of Michigan This course provides an introduction to specialized software procedures that have been developed for the analysis of complex sample survey data.

### **Description of Courses | ISR Summer Institute**

In computer science and in the part of artificial intelligence that deals with algorithms ("algorithmics"), problem solving includes techniques of algorithms, heuristics and root cause analysis. In these disciplines, problem solving is part of a larger process that encompasses problem determination, de-duplication, analysis, diagnosis, repair, and other steps.
